Sir:

Applicants acknowledge an examiner interview telephone conference of February 13, 2004, wherein the examiner in charge advised undersigned that the present application is in condition for allowance.

Two small issues were raised during such telephone conference.

1. It was agreed that the examiner would amend page 17, line 2, of the specification, by Examiner's Amendment, to read "...electrically connected to the cathodes or cathode-reflectors 14 and 16."

2. The examiner indicated that the PTO copies of the drawings do not have Figs 1, 2 and 3 marked as "prior art". For the record, formal drawings were submitted in this application on July 24, 2003, duplicate copies thereof being attached herewith along with the "Submission" document date July 24, 2003, and a postcard receipt confirming receipt of these formal drawings by the PTO on July 24, 2003. Based on the aforementioned telephone conference between undersigned and the examiner on February 13, 2004, it is apparent that these formal drawings filed July 24, 2003, had not yet reached the PTO file by February 13, 2004.

Accordingly, applicants request that the attached copies be entered as formal drawings. It will be noted that Figs. 1-3 in these formal drawings are indeed marked "prior art".

Applicants believe that all issues are resolved, and applicants respectfully await the receipt of a Notice of Allowance and Examiner's Amendment.

Respectfully submitted,

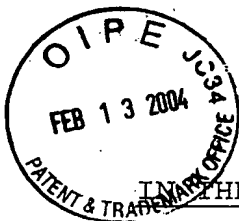

BROWDY AND NEIMARK, P.L.L.C.
